A total of 20 third-year B.ASLP students actively participated in the conference. The students gained profound insights and a well-defined professional vision through the scientific sessions, keynote addresses, expert talks, and panel discussions conducted during the event. The delegation was led by the Head of the Department and Associate Professor, Dr. R. Sundaresan, along with Sr. Vinnarasi, Assistant Professor, Department of Audiology and Speech-Language Pathology.

HEARING SCREENING CAMP AT MRM AUDIO, TRICHY – 31st JANUARY 2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at MRM Audio, Trichy, on 31st January 2026. A total of 36 individuals from the general public, across various age groups, were screened. Those with concerns were advised to follow up for a detailed audiological evaluation. The screening was carried out by Ms. Reena A, BASLP Intern, under the supervision of Sr. Vinnarasi, Assistant Professor.

February Month Report

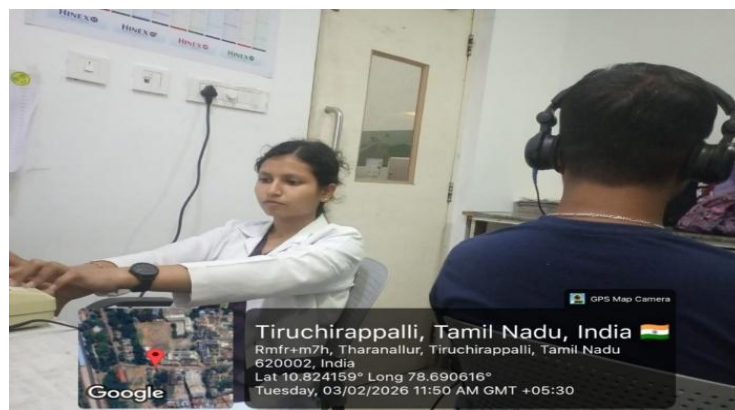

HEARING SCREENING CAMP AT DRO OFFICE, TRICHY – 02/02/2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at DRO Office, Trichy on 02/02/2026. A total of 8 individuals from the general public across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Harshitha R S, Intern of B.ASLP, under the supervision of Sister Vinnarasi, Assistant Professor

HEARING SCREENING CAMP AT GVN HOSPITAL, TRICHY – 03/02/2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at GVN Hospital, Trichy on 03/02/2026. A total of 10 individuals from the general public across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Harshitha R S, Intern of B.ASLP, Shifana Fathima and Shantha, III year under the supervision of Sister Vinnarasi, Assistant Professor.

HEARING SCREENING CAMP AT DRO OFFICE, TRICHY – 05/02/2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at DRO Office, Trichy on 05/02/2026. A total of 18 individuals from the general public across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Harshitha R S, Intern of B.ASLP, under the supervision of Sister Vinnarasi, Assistant Professor.

HEARING SCREENING CAMP AT SENGUPATTI IN DRO OFFICE ON 7th February 2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Sengupatti in DRO office on 7th February 2026. A total of ___ individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an intern of BASLP under the supervision of Ms. Anita Phoebe Ivvah, Assistant Professor.

HEARING SCREENING CAMP AT PACHAMALAI IN DRO OFFICE ON 7th February 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Pachamali DRO office on 7th February 2026. A total of 37 individuals across various age groups were screened by the department. Those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by two Interns of B.ASLP students under the supervision of Ms. Anita Phoebe Ivvah, Assistant professor, Department of Audiology and Speech-Language Pathology.

HEARING SCREENING CAMP AT LALGUDI IN DRO OFFICE on 7th February 2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Lalgudi DRO office on 7th February 2026. A total of ____ individuals across various age groups were screened by the department. Those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by two Interns of B.ASLP students under the supervision of Ms. Anita Phoebe Ivvah, Assistant professor, Department of Audiology and Speech-Language Pathology.

HEARING SCREENING CAMP AT SASTRA COLLEGE, THANJAVUR ON 7th February 2026.

The Department of Audiology and Speech Language Pathology organized a hearing screening camp on 7th February 2026 for public at Sastra College, Thanjavur. The camp was conducted by an intern of BASLP under the supervision of Ms. Anita Phoebe Ivvah, Assistant Professor. A total of ____ people were tested and concerned people were referred for further detailed evaluation.

HEARING SCREENING CAMP AT GVN

HOSPITAL TIRUCHIRAPALLI ON 7th February 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at GVN hospital, Thiruchirapalli on 7th February 2026. A total of ____ individuals across various age groups were screened by the department. Those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an Intern of B.ASLP students under the supervision of Ms. Anita Phoebe Ivvah, Assistant professor, Department of Audiology and Speech-Language Pathology.

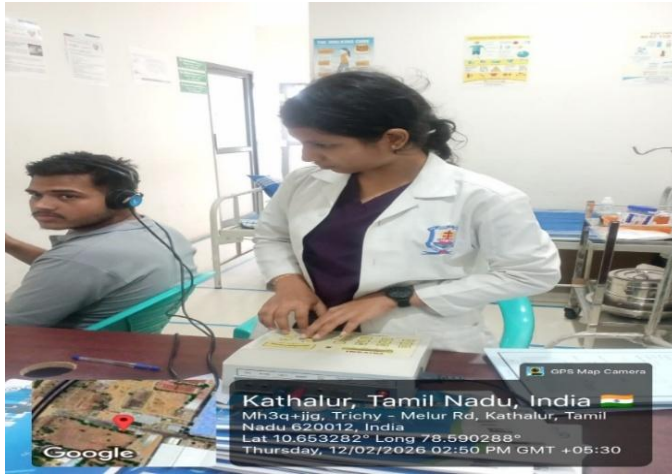

HEARING SCREENING CAMP AT GVN, TRICHY ON 11th February 2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at GVN, Tiruchirapalli on 11th February 2026. A total of 94 individuals across various age groups were screened by the department. Those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by a III year B.ASLP student under the supervision of Sr.Vinnarasi, Assistant professor, Department of Audiology and Speech-Language Pathology.

HEARING SCREENING CAMP AT GVN HOSPITAL, TRICHY – 12/02/2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at GVN Hospital, Trichy on 12/02/2026. A total of 126 individuals from the general public across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Harshitha R S, Intern of B.ASLP and Maria Menaka, III year under the supervision of Sister Vinnarasi, Assistant Professor.

HEARING SCREENING CAMP AT GVN HOSPITAL, TRICHY – 13/02/2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at GVN Hospital, Trichy on 13/02/2026. A total of 110 individuals from the general public across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Harshitha R S, Intern of B.ASLP and Beautlin Benishma, III year under the supervision of Sister Vinnarasi, Assistant Professor

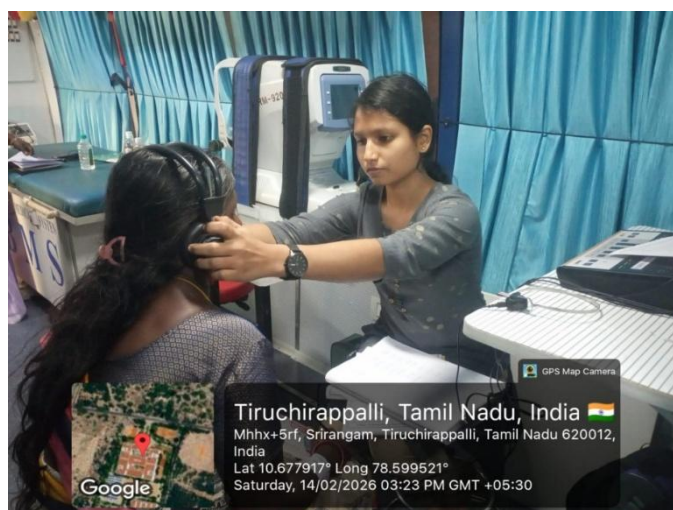

HEARING SCREENING CAMP AT MASJID, THANJAVUR ON 13th February 2026.

The Department of Audiology and Speech Language Pathology organized a hearing screening camp on 13th February 2026 at Masjid, Thanjavur. The camp was conducted by an intern of BASLP under the supervision of Ms. Anita Phoebe Ivvah, Assistant Professor. A total of 34 individuals were tested and concerned individuals were referred for further detailed evaluation.

HEARING SCREENING CAMP AT DRO OFFICE, TRICHY – 14/02/2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at DRO Office, Trichy on 14/02/2026. A total of 32 individuals from the general public across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Harshitha R S, Intern of B.ASLP, under the supervision of Sister Vinnarasi, Assistant Professor.

HEARING SCREENING CAMP AT BSNL OFFICE, THANJAVUR ON February 2026.

The Department of Audiology and Speech Language Pathology organized a hearing screening camp on ____ February 2026 at BSNL office, Thanjavur. The camp was conducted by an intern of BASLP under the supervision of Ms. Anita Phoebe Ivvah, Assistant Professor.

A total of 34 individuals were tested and concerned individuals were referred for further detailed evaluation.

THE INDIAN SPEECH AND HEARING ASSOCIATION – TAMILNADU CONFERENCE ON February 14th and 15th 2026.

The Department of Audiology and Speech-Language Pathology organized an academic visit to Chennai for the 7th Indian Speech and Hearing Association (ISHA) – Tamil Nadu Conference, which brought together numerous eminent clinicians, academicians, researchers, and industry leaders from across the state. A total of 24 second-year and 24 first-year B.ASLP students actively participated in the conference and presented scientific posters. The students gained substantial academic exposure and developed a clearer professional perspective through the scientific sessions, keynote lectures, expert presentations, and panel discussions conducted during the event. The delegation was led by the Head of the Department and Associate Professor, Dr. R. Sundaresan, accompanied by the faculty members of the Department of Audiology and Speech-Language Pathology.

HEARING SCREENING CAMP AT DRO OFFICE, TIRUCHIRAPALLI ON 19 February 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at DRO office on 19/02/2026. A total of 54 individuals across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Harshitha Intern B.ASLP, under the supervision of Sister Vinnarasi, Assistant Professor.

HEARING SCREENING CAMP AT VELLANUR ON 20th February 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing aid trial camp at Vellanur on 25/02/2026. A total of 27 individuals who were differently abled, across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Harshitha Intern B.ASLP, Subalakshmi, Beautlin Benishma, III yr B.ASLP, under the supervision of Sister Vinnarasi, Assistant Professor.

HEARING AID TRAIL CAMP AT KALAINAR ARIVALAYAM ON 25th February 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing aid trail camp at , Trichy on 25/02/2026. A total of 143 individuals from the general public across various age groups were screened by the department, and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by Priyadharshini M Intern B.ASLP, Subalakshmi , Beutlin Benishma, III yr B.ASLP, Hida, Nida, Nikila, Saranya, Sara, Iyr B.ASLP, under the supervision of Sister Vinnarasi, Assistant Professor.

HEARING AID TRAIL CAMP AT BHEL ON 25th February 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing aid trail camp at , Trichy on 25/02/2026. A total of 60 individuals from the general public across various age groups were screened by the department, and those with concerns were advised to follow up for a detailed audiological evaluation. The screening was carried out by Harshitha Intern B.ASLP, Darshini, Maria Menaka, Tharuni Sri, under the supervision of Sister Vinnarasi, Assistant Professor.

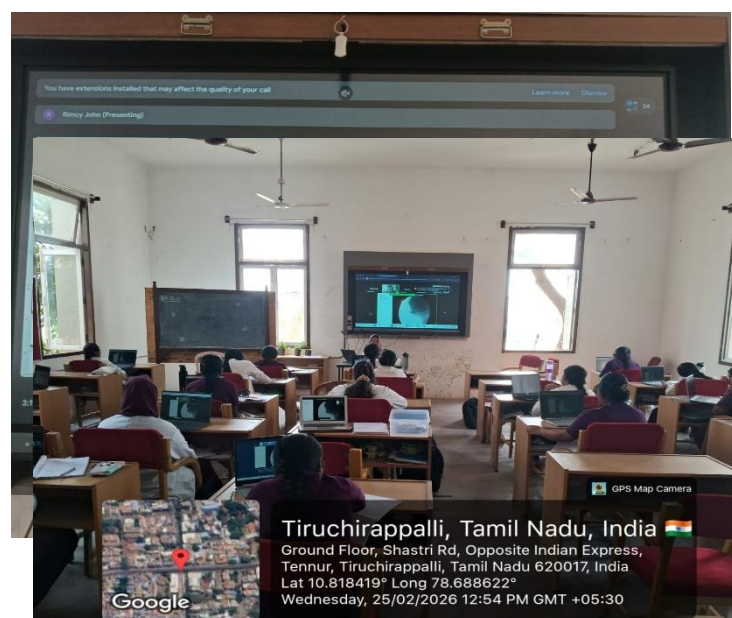

WEBINAR ON PEDIATRIC DYSPHAGIA AND INSTRUMENTAL EVALUATION ON 25th February 2026.

The webinar on Pediatric Dysphagia and Instrumental Evaluation, conducted by Dr. Prasanna Hegde on 25 February 2026, provided a focused overview of instrumental swallowing assessment in children. It reviewed the anatomy and physiology of the oral, pharyngeal, and esophageal phases, highlighting the coordination required for safe airway protection. Key anatomical landmarks visualized during FEES and laryngoscopy were discussed, along with their clinical significance. The three primary airway protection mechanisms—hyolaryngeal excursion, vocal fold closure, and epiglottic inversion—were clearly explained. Through imaging and video demonstrations of various swallowing tasks, the session enhanced understanding of normal physiology, bolus flow, residue patterns, and clinical interpretation in pediatric dysphagia management.

WEBINAR ON COCHLEAR IMPLANT TECHNOLOGY on 25th February 2026.

The webinar conducted by Ms. Rimcy John on 25 February 2026 presented a concise yet comprehensive overview of cochlear implant technology. It addressed the structural components of the device, including internal and external units, and differentiated between perimodiolar and lateral wall electrode arrays. The session highlighted essential objective measures—ECAP, ESRT, and EABR—emphasizing their roles in assessment and device mapping. It further outlined the complete cochlear implant protocol, encompassing pre-operative evaluation (audiological, radiological, and counseling procedures), intra-operative monitoring (impedance, ECAP, EABR), and post-operative management, including activation, mapping, and auditory rehabilitation. Overall, the webinar strengthened understanding of cochlear implant functioning, objective assessment, and holistic pediatric management.

March Report

HEARING SCREENING CAMP AT DRO OFFICE THURAIYUR, ON 3rd

MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing aid dispensing camp at DRO office on 3rd March 2026. A total of 32 individuals from the general public across various age groups benefited from the camp. During the camp, individuals with identified hearing loss were provided with appropriate hearing aids based on their audiological needs. Detailed counseling regarding hearing aid use, care, and maintenance was also given to ensure effective utilization. The camp activities were carried out by II B.ASLP students under the supervision of **Sr. Vinnarasi**, Associate Professor, ensuring proper clinical guidance and support throughout the dispensing process.

HEARING SCREENING CAMP AT GVN HOSPITAL, ON 3rd MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Marungapuri on 8th MARCH 2026. A total of 32 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 2 IInd year BASLP under the supervision of Sr.Vinnarasi ,Associate professor.

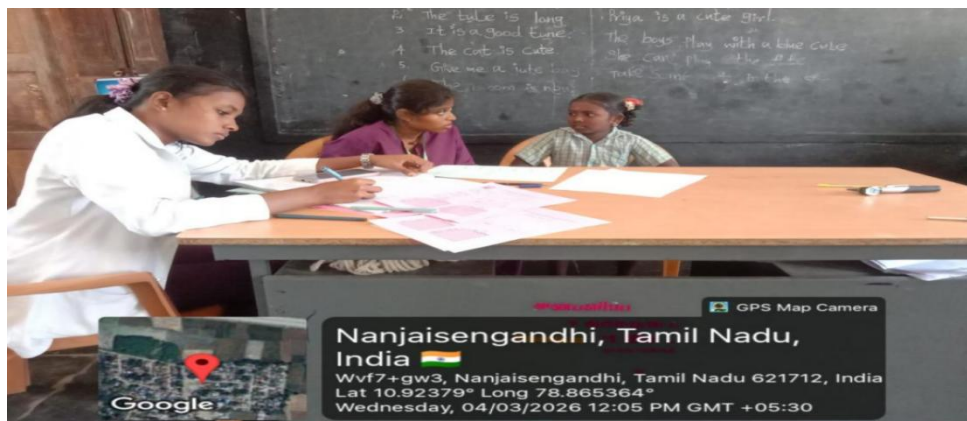

HEARING SCREENING CAMP AT UPPILIYAPURAM, ON 3rd MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing aid dispensing camp at Uppiliyapuram on 3rd March 2026. A total of 32 individuals from the general public across various age groups benefited from the camp. During the camp, individuals with identified hearing loss were provided with appropriate hearing aids based on their audiological needs. Detailed counseling regarding hearing aid use, care, and maintenance was also given to ensure effective utilization. The camp activities were carried out by II B.ASLP students under the supervision of **Sr. Vinnarasi**, Associate Professor, ensuring proper clinical guidance and support throughout the dispensing process.

SPEECH AND LANGUAGE SCREENING CAMP AT VELLANUR ON 4TH& 13TH MARCH 2026

The Department of Audiology and Speech-Language Pathology conducted a speech and language screening camp at Vellanur on 4th & 13th March 2026. A total of 50 individuals across various age groups were screened for speech and language difficulties. Individuals who were identified with concerns were advised to undergo detailed speech and language evaluation and further management. The screening was carried out by one intern, 4 III Year BASLP students under the supervision of Sr. Vinnarasi, Associate Professor.

HEARING SCREENING CAMP AT , VELLANUR ON 4TH& 13TH MARCH 2026

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Vellannur on 4 & 13th March .A total of 50 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 4 IIInd year BASLP under the supervision of Sr.Vinnarasi ,Associate professor.

HEARING SCREENING CAMP AT MARUNGAPURI, ON 5thMARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing aid dispensing camp at Marungapuri on 5th March 2026. A total of 32 individuals from the general public across various age groups benefited from the camp. During the camp, individuals with identified hearing loss were provided with appropriate hearing aids based on their audiological needs. Detailed counseling regarding hearing aid use, care, and maintenance was also given to ensure effective utilization. The camp activities were carried out by II B.ASLP students under the supervision of **Sr. Vinnarasi**, Associate Professor, ensuring proper clinical guidance and support throughout the dispensing process.

HEARING SCREENING CAMP AT SASTRA COLLEGE TANJORE, ON 7th MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Sastra college tanjore on 7th MARCH 2026. A total of 105 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 1 BASLP intern under the supervision of Sr.Vinnarasi, Associate professor.

HEARING SCREENING CAMP AT MANNARPURAM, ON 8th MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Mannapuram on 8th MARCH 2026. A total of 40 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 2 IInd year BASLP under the supervision of Sr.Vinnarasi, Associate professor.

HEARING SCREENING CAMP AT SASTRA COLLEGE KUMBAKONAM, ON 9thMARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Sastra college Kumbakonam on 9th MARCH 2026. A total of 44 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 1 BASLP intern under the supervision of Sr.Vinnarasi ,Associate professor.

HEARING SCREENING CAMP AT GVN HOSPITAL, ON 12th MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Marungapuri on 12th MARCH 2026. A total of 26 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 2 IInd year BASLP under the supervision of Sr.Vinnarasi ,Associate professor.

SEMINAR ON “FROM TRADITIONAL TO ADVANCED: A PRACTICAL WORKSHOP ON EVIDENCE-BASED APHASIA INTERVENTION STRATEGIES” ON 12th MARCH

A workshop on aphasia intervention techniques was conducted for III B.ASLP students on 12/03/2026 at Holy Cross College. A total of 25 third-year students actively participated in the session. The workshop was delivered by **Mr. Sivamani Jeyakumar**, Department of Communication Disorders, PC Centre Care. The session focused on various evidence-based therapeutic techniques used in the management of aphasia. It also included live demonstrations, which provided students with practical exposure and enhanced their understanding of clinical applications in aphasia intervention.

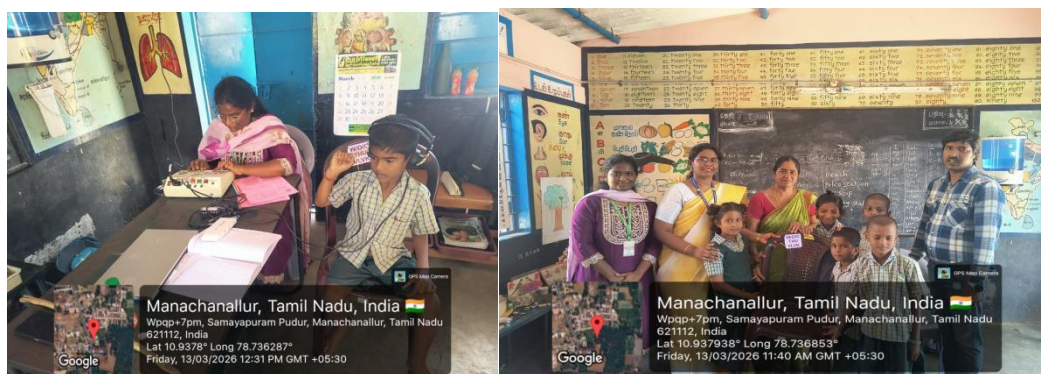

WEBINAR ON TELE-AUDIOLOGY, ETHICS AND REGULATIONS ON 12th MARCH

The Department of Audiology and Speech-Language Pathology at Holy Cross College successfully conducted a webinar session on Tele-Audiology, Ethics, and Regulations for III year B.ASLP students. A total of 25 students actively participated in the session. The webinar was delivered by **Mr. Madiraju Dattatreya**, Audiology Innovation Manager at Hearzap, Hyderabad, Telangana. The session provided comprehensive knowledge on the principles and practices of tele-audiology, including remote assessment and intervention methods. It also emphasized ethical considerations such as patient confidentiality, informed consent, and professional responsibility in virtual service delivery. In addition, the regulatory guidelines and standards governing audiology practice were discussed, enhancing students' understanding of ethical and legal aspects in modern audiological services.

HEARING SCREENING CAMP AT GOVERNMENT SCHOOL,S.PUTHUR, ON 12thMARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at S.Puthur on 13th MARCH 2026. A total of 22 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 2 III year BASLP under the supervision of Sr.Vinnarasi ,Associate professor.

SPEECH AND LANGUAGE SCREENING CAMP AT THURAIYUR ON 14TH MARCH 2026

The Department of Audiology and Speech-Language Pathology conducted a speech and language screening camp at Thuraiyur on 14th March 2026. A total of 15 individuals across various age groups were screened for speech and language difficulties. Individuals who were identified with concerns were advised to undergo detailed speech and language evaluation and further management. The screening was carried out by 12 I,II ,II Year BASLP students under the supervision of Sr. Vinnarasi, Associate Professor.

SPEECH AND LANGUAGE SCREENING CAMP AT LALGUDI ON 14TH MARCH 2026

The Department of Audiology and Speech-Language Pathology conducted a speech and language screening camp at Lalgudi on 14th March 2026. A total of 15 individuals across various age groups were screened for speech and language difficulties. Individuals who were identified with concerns were advised to undergo detailed speech and language evaluation and further management. The screening was carried out by 12 I, II, II Year BASLP students under the supervision of Sr. Vinnarasi, Associate Professor.

SPEECH AND LANGUAGE SCREENING CAMP AT MUSURI ON 14TH MARCH 2026

The Department of Audiology and Speech-Language Pathology conducted a speech and language screening camp at Lalgudi on 14th March 2026. A total of 15 individuals across various age groups were screened for speech and language difficulties. Individuals who were identified with concerns were advised to undergo detailed speech and language evaluation and further management. The screening was carried out by 12 I, II, II Year BASLP students under the supervision of Sr. Vinnarasi, Associate Professor.

SPEECH AND LANGUAGE SCREENING CAMP AT MANAPPARAI ON 14TH MARCH 2026

The Department of Audiology and Speech-Language Pathology conducted a speech and language screening camp at Manapparai on 14th March 2026. A total of 15 individuals across various age groups were screened for speech and language difficulties. Individuals

who were identified with concerns were advised to undergo detailed speech and language evaluation and further management. The screening was carried out by 12 I, II, III Year BASLP students under the supervision of Sr. Vinnarasi, Associate Professor.

HEARING SCREENING CAMP AT SWAMI DAYANANDHAN COLLEGE OF ART AND SCIENCE NSS TEAM, ON 14th MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at SWAMI DAYANANDHAN College of Art and Science NSS Team on 14th MARCH 2026. A total of 29 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 1 BASLP intern under the supervision of Sr. Vinnarasi, Associate professor.

SEMINAR ON COCHLEAR IMPLANT TECHNOLOGY AND DEVICE COMPARISON MARCH 24

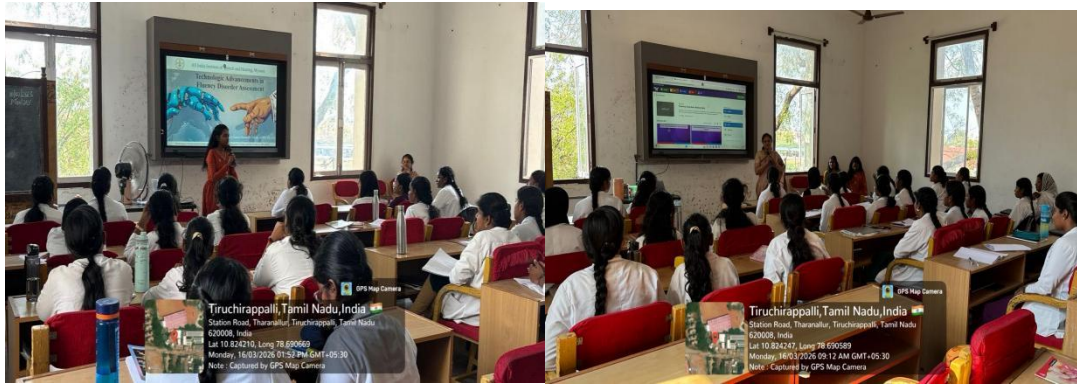

The Department of Audiology and Speech-Language Pathology at Holy Cross College successfully conducted "Cochlear implant technology and device comparison" ON March 16. The sessions were led by Sai Prakash S R, Business Manager at Cochlear. The session began with an explanation of how hearing works, covering the basic physiological process involved in sound perception. Following this, the discussion focused on cochlear implant technology, particularly highlighting the unique features of the Cochlear brand.

compared to other companies. The speaker emphasized specific advantages and distinguishing aspects of the device. Additionally, information was provided about the components, including the card, and an explanation of how the processor functions was given in detail.

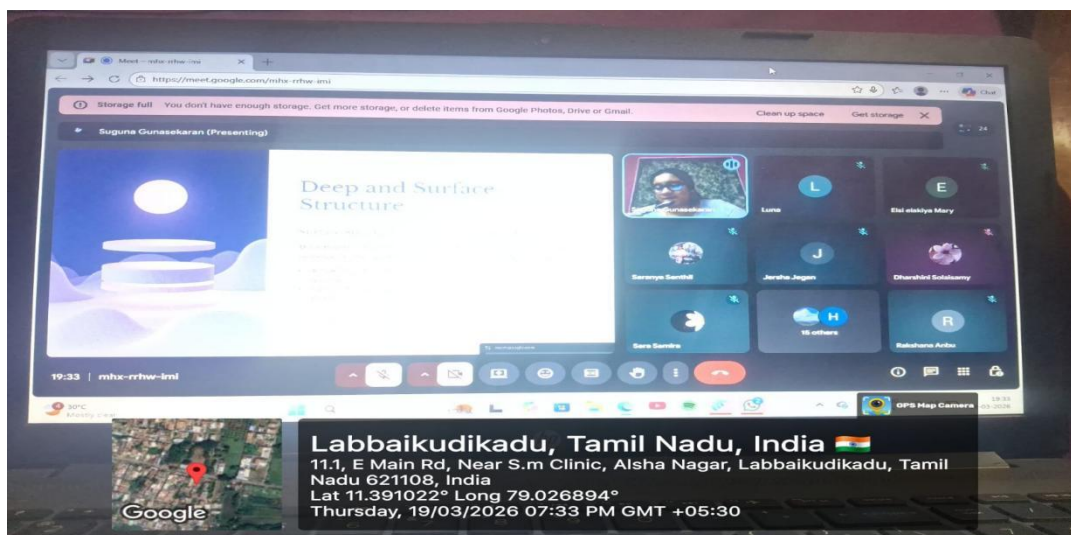

WORKSHOP ON “TECHNOLOGICAL ADVANCEMENTS AND MOBILE APPLICATIONS IN ASSESSMENT AND MANAGEMENT OF FLUENCY DISORDERS” ON 16th & 17th March

The Department of Audiology and Speech-Language Pathology at Holy Cross College successfully conducted a two-day workshop titled “*Technological Advancements and Mobile Applications in Assessment and Management of Fluency Disorders*” on 16th and 17th March in offline mode. The workshop witnessed active participation from a total of 105 B.ASLP students, making it an engaging and enriching academic event. The sessions were led by Dr. Sangeetha Mahesh, Associate Professor & Head, Department of Life Centre for Persons with Communication Disorders, along with research fellows Ms. Swathi A S and Ms. Nithya Shree E from the All India Institute of Speech and Hearing. The workshop focused on the assessment and management of fluency disorders, highlighting recent technological advancements and the use of mobile applications in clinical practice. It also included hands-on practical sessions, enabling participants to gain better clinical exposure and skills in fluency assessment and intervention.

WEBINAR ON CLINICAL LINGUISTICS ON MARCH 19 2025

A webinar session on clinical linguistics, was conducted for I B.ASLP students, with a total of 25 participants in attendance. The session was delivered by Suguna, Research Associate in Languages and Cognition Lab at the Indian Institute of Technology Madras. The session focused on the application of linguistic principles in clinical settings, particularly in the domains of phonology, morphology, syntax, and pragmatics. It included detailed instruction on phonological analysis such as identification of sound patterns and phonological processes, morphological analysis involving word structure and use of inflections and derivations, syntactic analysis related to sentence structure and grammatical organization, and pragmatic analysis emphasizing the functional use of language in social contexts. The session aimed to enhance students' clinical skills in systematic language analysis and intervention planning.

SPEECH AND LANGUAGE DIAGNOSTIC CAMP AT NEURO RAHABILITATION CENTRE POOVANTHI ON 19th,20th,21st MARCH 2026

The Department of Audiology and Speech-Language Pathology conducted a Speech and Language Diagnostic Camp at Poovanthi on 14th March 2026. A total of 15 individuals from various age groups were screened for speech and language difficulties. Those who were identified with concerns were advised to undergo detailed speech and language evaluation

and appropriate management. The diagnostic camp was carried out by 6 III Year BASLP students under the supervision of Sr. Vinnarasi, Associate Professor.

HEARING SCREENING CAMP AT GVN HOSPITAL, ON 25th MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at GVN Hospital on 25th MARCH 2026. A total of 40 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 4 III year BASLP under the supervision of Sr. Vinnarasi, Associate professor.

WEBINAR ON COCHLEAR IMPLANT MAPPING, SWITCH-ON AND SPEECH CODING STRATEGIES ON MARCH 24

The Department of Audiology and Speech-Language Pathology at Holy Cross College successfully conducted A webinar session on *Cochlear Implant Mapping, Switch-On Procedures, and Speech Coding Strategies* was conducted for II and III year B.ASLP students. A total of 50 students actively attended the session. The webinar was delivered by Shimola Evangeline J, Audiologist, Recipient Services Associate – South at Cochlear Limited. The session provided in-depth knowledge on cochlear implant programming, initial switch-on procedures, and various speech coding strategies used in clinical practice, enhancing students' understanding of auditory rehabilitation

SPEECH AND LANGUAGE DIAGNOSTIC CAMP AT NEURO RAHABILITATION CENTRE POOVANTHI ON 30th&31st MARCH 2026

The Department of Audiology and Speech-Language Pathology conducted a Speech and Language Diagnostic Camp at Poovanthi on 14th March 2026. A total of 15 individuals from various age groups were screened for speech and language difficulties. Those who were identified with concerns were advised to undergo detailed speech and language evaluation and appropriate management. The diagnostic camp was carried out by 8 III Year BASLP students under the supervision of Sr. Vinnarasi, Associate Professor.

HEARING SCREENING CAMP AT GVN HOSPITAL, ON 31st MARCH 2026.

The Department of Audiology and Speech-Language Pathology conducted a hearing screening camp at Marungapuri on 31st MARCH 2026. A total of 32 individuals from the general public across various age groups were screened by the department and those with concerns were advised to follow up for detailed audiological evaluation. The screening was carried out by an 3 IInd & 1 IIIrd year BASLP under the supervision of Sr. Vinnarasi, Associate professor.
